

HISTORICA

EXTRACTION OF URANIUM FROM LOCAL DICTYONEMA SHALE AT SILLAMÄE IN 1948–1952

E. MAREMÄE

National Institute of Chemical Physics and Biophysics
10 Rävåla pst, 10143 Tallinn, Estonia

The paper gives a detailed flow sheet of uranium production from Estonian Dictyonema shale used at Sillamäe uranium factory in 1948–1952 and comparison with other methods (Swedish, Estonian).
